### PROFILE

Dedicated and detail-oriented Software Developer with expertise in both frontend and backend development. Proficient in HTML, CSS, JavaScript, and React.js for building dynamic, responsive, and user-friendly interfaces. Experienced in backend technologies, including Node.js and Express.js, for developing robust server-side applications, with MySQL as the preferred database for efficient data management. Skilled in UI/UX design using Figma, ensuring intuitive and visually appealing digital experiences. A strong collaborator with a proven track record of working in multidisciplinary teams to drive project success. Passionate about staying up to date with industry best practices and emerging technologies to deliver innovative and scalable solutions.

### WORK EXPERIENCE

#### Website Developer, Project Lead

Wansenziroz

AUGUST 2023-AUGUST 2024

- **Leadership & Team Coordination:** Led a multidisciplinary team of developers, effectively managing project timelines and deliverables. Assigned tasks based on team members' strengths, ensuring optimal productivity and high-quality outputs.
- **Version Control & Collaboration:** Established and maintained GitHub repositories for collaborative development, fostering a streamlined workflow that enhanced code integration and project continuity.
- **Web Development:** Spearheaded the development of responsive, user-friendly websites utilizing React.js as the framework, HTML, CSS, and Javascript for the frontend, Node.js with Express.js for the backend, and MySQL for the database. Focused on delivering high-performance websites that met client expectations and adhered to best practices in web design and development.

#### Web development Instructor

CODE RHYTHM

MAY 2024-CURRENT

- **Curriculum Development:** Designed and delivered a comprehensive curriculum for front-end web development using HTML, CSS, JavaScript, and React.js, backend development using Node.js and Express.js and MySQL for the database.
- **Interactive Teaching:** Conducted live, interactive sessions via Zoom, engaging students in hands-on coding exercises and projects to reinforce learning and practical application of skills.
- **Student Mentorship:** Provided ongoing mentorship and guidance, offering personalized feedback on assignments and projects to help students refine their skills and achieve their career goals.
- **Project-Based Learning:** Lead students through the development of real-world projects, ensuring they gained practical experience and built a portfolio showcasing their capabilities.

### FREELANCING

CURRENT

- **Custom Web Solutions:** Developed bespoke websites for various clients, employing Figma, HTML, CSS, Bootstrap, JavaScript, React.js, Node.js, Express.js, and MySQL to create dynamic and responsive user interfaces.
- **Client Consultation:** Worked closely with clients to understand their vision, offering insights and technical expertise to bring their ideas to life through customized web solutions.
- **Responsive Design:** Ensured all websites were fully responsive, providing an optimal user experience across different devices and screen sizes.
- **Project Management:** Managed multiple projects simultaneously, delivering high-quality results within tight deadlines while maintaining excellent client satisfaction.
